

Sarah Cavender Color Chart

\*\*\*Please use the color charts below to help you customize your item!

To ensure the accuracy of your order, please do not enter "as pictured" when choosing your colors. The color of each item is listed to the right of the photos, in the order that the photos are shown. Simply copy the text that corresponds to the photo you like and paste it into the blank.

If you don't want to choose the exact colors of your item, that is ok. If you would like for us to choose your additional colors for you, please write "artist's choice" in the blank.

If you have any questions, please give us a call at 256-831-6241, and we will be happy to help you.
